Dream First Class

At Crown Posture Bedding, we've been handcrafting mattresses for over three decades, dedicating countless hours to perfecting every detail in every piece. Each mattress in our Dream First Class **Premiere** and **Reserve** collections is a testament to our heritage – expertly built by skilled artisans using the finest materials sourced from around the globe.

From advanced comfort technologies to sustainably selected natural fibres, every element is thoughtfully chosen to deliver an exceptional sleep experience. It's luxury without compromise, exclusive to Forty Winks.

Our Family's Passion is Your Family's Sleep, and with Crown Posture Bedding, you can *Dream First Class*.

What's inside?

We select only the highest quality materials when creating our mattresses. Through meticulous preparation and consultation, we spend countless hours crafting the perfect mattress, employing the most innovative technologies we have available to us today.

BEKAERT TENCEL™ COVER WITH ADAPTIVE™ TREATMENT AND REAL SILK™ FINISH

Luxurious TENCEL™ cover with ADAPTIVE™ treatment adjusts to body temperature, finished with REAL SILK™ for further comfort.

BREATHABLE WOOL BLEND QUILT LAYER

Breathable wool blend quilt layer naturally regulates temperature, enhancing comfort and providing a cool, dry sleep environment.

QUAD-COIL POCKET SPRING SYSTEM

Engineered with Quad-Coil technology, featuring the strength of four intertwined strands for undeniably superior support, the *Premiere* and *Reserve* ranges blend refined comfort with intelligent design. *Premiere* offers responsive contouring with minimal partner disturbance, while *Reserve* features twice the Quad-Coil support system for enhanced precision and an indulgently restful sleep.

BLACK DIAMOND BELGIAN LATEX

Highly breathable layer infused with Black Diamond™ carbon particles for exceptional airflow and temperature regulation.*

AUSTRALIAN MADE COMFORT LAYERS

GECA-certified, Australian-made foams provide sustainable, durable comfort layers with consistent support for a restful sleep.

FOAM BOX EDGE SUPPORT

Reinforced perimeter foam maximises usable sleep space and provides reliable support when sitting or lying near the edge.

ADJUSTABLE BASE COMPATIBLE

Our zoned pocket spring systems have been purposefully designed to easily conform to your adjustable base and lifestyle.*

* Excludes Super Firm.

DREAM FIRST CLASS

Premiere Yves

BEKAERT TENCEL™ COVER WITH ADAPTIVE™ TREATMENT AND REAL SILK™ FINISH

Premiere Yves mattresses feature a top panel constructed with luxuriously soft TENCEL LYOCELL™ fibres, enhanced with ADAPTIVE™ polymers that adjust to your sleep environment to keep you cool and dry. The cover is finished with indulgent REAL SILK™ and protected with a hypoallergenic, anti-microbial HEALTHGUARD™ coat.

BLACK DIAMOND BELGIAN LATEX

Premiere Yves mattresses house a highly breathable latex layer infused with Black Diamond™ particles. These individual crystalline carbon particles enhance thermal comfort by pressing together as you sleep, increasing conductivity and promoting heat and moisture transmission. Ventilation holes further maximise airflow without the use of chemicals to inhibit bacteria and keep you drier throughout the night.

GRAPHITE MEMORY FOAM

Memory foam provides exceptional support and pressure relief as it contours to your body but due to its high density, holds onto heat. Graphite memory foam, however, is infused with graphite. This natural mineral and an excellent thermal conductor – offering superior support and pressure relief, while drawing heat away from your body and towards the cooler areas of the mattress without compromising your comfort.

DREAM FIRST CLASS

Reserve Louis

QUAD-COIL LUXE POCKET SPRING SYSTEM

Reserve Louis incorporates double the number of Quad-Coil springs compared to the *Premiere*. This higher spring count delivers unparallaled support precision, minimises partner disturbance, and enhances the mattress' longevity – representing true value in premium bedding.

NANO MICRO POCKET SPRINGS

The *Reserve Louis* features an additional series of ultra-fine springs. Hundreds of additional springs adapt to your individual body, providing an incredibly responsive surface while reducing partner disturbance. These nano pocket springs also add an additional airflow layer for exceptional breathability on top of the *Louis*' luxurious responsivity.

SUSTAINABLE SOY VISCO MEMORY FOAM

The *Reserve Louis* is packed with an extra layer of CertiPUR-US® certified Sustainable Soy Visco Memory Foam, which gently cushions the body while maintaining support – minimising pressure points for a healthier, more breathable and environmentally conscious sleep experience.
